Excel	lence   Serv	ice   Leader	ship and Good Governance   Innovation   Social Res   Circumference: 65-67cm (same as official size)	ponsibility   Integrity	l Professionalism	Spirituality
			Weight: 230-280 grams (can be lighter than match			
			balls to reduce impact during training)			
			Material: synthetic leather (PU or PVC); softer for			
			frequent handling			
8	5	рс	Panels: 18 or more panels; stiched or molded	1,000.00		
			construction			
			<b>Pressure:</b> 0.30-0.325 kg/cm (4.26-4.61 psi)			
			<b>Design:</b> Some training balls are lighter, softer, or			
			weighted for specific drills			
			Durability: Built for high-repetition use (spiking,			
			passing, ect.)			
			BEACH VOLLEYBALL (official ball)			
			Circumference: 66-68 cm			
			Weight: 260-280 grams			
			Materials: Synthetic leather, water-resistant and			
			durable for outdoor use			
			Panels: Usually 18-panel design; machine-stitched			
9	4	рс	or glued	3,100.00		
			<b>Pressure:</b> 0.175-0.225 kg/cm (2.49-3.20 psi) -lower			
			than indoor volleyball			
			<b>Surface:</b> Texture Slightly textured for grip, even			
			when wet			
			Color: Bright, multi-color (typically			
			white/yellow/blue) for visibilty in sunlight			
			LAWN TENNIS (official ball)			
			<b>Diameter:</b> 6.54-6.86 cm			
			Weight: 56.0-59.4 grams			
			Bounce Height: 135-147 cm (when dropped from			
			254 cm onto concrete)			
			<b>Rebound Time:</b> Must meet ITF rebound standards			
10	2	tube	for surface play	1,150.00		
	_	00.10	Type: Pressurized (standard match ball)			
			Felt Covering: Woven (premium) or non-woven			
			felt; usually made of wool-nylon blend			
			<b>Color:</b> Optic yellow (required for official matches),			
			or white (less common)			
			<b>Pressure:</b> Internal pressure ~14 psi (for pressurized			
			balls)			
			BADMINTON (shuttle cock)			
			Feather Material: High-quality goose feathers			
			(Class A)			
			Cork Material: Two-layer natural cork for			
			enhanced durability and consistent flight			
			Weight: Approximately 4.9-5.1 grams			
11	6	+,,, ,,,,	Speed Rating: 77-suitable for play in	1,066.66		
TT		tube	temperatures between 15-25°C (59-77°F)	1,000.00		
			Flight Stability: Rated A++, indicating			
			excellent aerodynamic performance			
			<b>Durability:</b> Rated A++, designed for prolonged			
			use with minimal wear			
			Usage: Ideal for tournament matches and			
	ĺ		professional training sessions.
